**DETAILED ACTION**

Applicants' amendment filed 6/23/2005 has been entered. Claims 1-11, 18, 20-23 are now pending.

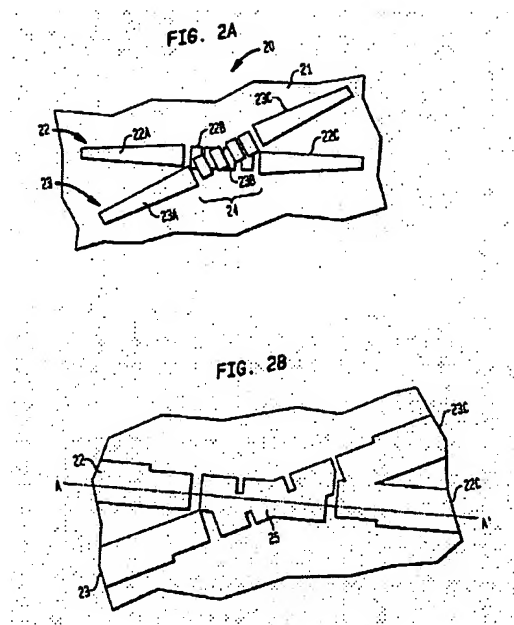

***Allowable Subject Matter***

Claims 1-11, 18, 20-23 are allowed.

In addition to discussions presented in the previous office action, the claims are allowed for the following reasons.

The following is an examiner's statement of reasons for allowance:

Planar optical circuits comprising integrated optical waveguides are well known and common in the art. Such circuits frequently contain crossing waveguides for coupling and splitting optical signals within the circuit. A prior art publication that has the closest structural resemblance to the claimed invention is Rasras (US 20040190830 A1).

Figures 2A and 2B show first and second optical waveguides having plurality of overlapping sections at the crossing portion of the waveguide. However, Rasras fails to show any tapered waveguide sections at the crossing portion. Mere tapering of waveguides at waveguide crossing portion is known in the art as discussed in the previous office action.

However, none of the prior art, including Rasras, fairly teaches or suggests crossing waveguides disposed on a planar waveguide substrate, wherein one of the crossing waveguide contains plurality of *asymmetrical linear tapers* that change waveguiding *directions* and increase *crossing angle*, as claimed in the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sung H. Pak whose telephone number is (571) 272-2353. The examiner can normally be reached on Monday- Friday, 9AM-5PM.
